Dear Mr. Greenhagen:

Re: Acceptance of Visa CISP Report on Compliance for Greensoft Solutions, Inc. (GSI)

Visa USA is pleased to accept GSI's Visa CISP Report on Compliance, based on the assessment and opinion of Solutionary.

Thank you for your participation in the Visa U.S.A. Cardholder Information Security Program (CISP), and for your diligence in operating within the compliance standards of Visa CISP. Although security can never be completely guaranteed, your efforts to adhere to CISP data security requirements should reduce the ability of hackers to gain access to proprietary data.

This letter and your company's inclusion on Visa's List of Compliant Service Providers evidence Visa's acceptance of the GSI CISP Report on Compliance. The List of Compliant Service Providers, located at (www.visa.com/cisp), acknowledges those service providers that have shown their commitment to security by meeting the rigorous requirements of Visa CISP.

Please note that Visa CISP requires annual revalidation. If Visa has not received GSI's Report on Compliance by your revalidation due date of February 28, 2006, Visa will remove your company from the List of Compliant Service Providers.

If GSI would like to communicate its Visa CISP compliance, Visa encourages you to use direct customer marketing/communications channels to market your CISP compliance to your customers. Channels specifically targeting your customers, such as your company website, sales presentations, brochures, and customer newsletters, seem to be more effective than other, broader-based messages. Additionally, Visa will issue quarterly CISP press releases to announce newly compliant service providers. These releases will include only willing companies. If your company wishes to be included in the next quarterly release, let us know within 30 days of receipt of this letter.

Visa may revoke this Acceptance and remove GSI from the List of Compliant Service Providers at any time that Visa, in its sole discretion, determines that your company is not adhering to Visa CISP requirements or that GSI's Report of Compliance was inaccurate. Immediately upon notice of such revocation, your company will cease all communication of CISP compliance, whether or not previously approved by Visa.

We see tremendous value in GSI's participation in this crucial security program. We appreciate your continued support and commitment to safeguarding the payment industry.

Sincerely,

Joseph Majka
Vice President, Fraud Control / CISP
