Dear Mr. Mertz:

Re: Acceptance of Greensoft Solutions CompliantHost.com's Annual Payment Card Industry (PCI) Report on Compliance

Visa USA is pleased to accept Greensoft Solutions' annual PCI Report on Compliance, based on the assessment and opinion of Solutionary, Inc.

Thank you for continuing your participation in the Visa U.S.A. Cardholder Information Security Program (CISP), and for your diligence in operating within the compliance standards of the Payment Card Industry Data Security Standard. Although security can never be completely guaranteed, your efforts to maintain adherence to PCI data security requirements should reduce the ability of hackers to gain access to proprietary data.

In addition to this acceptance letter from Visa, your company's validation date in Visa's List of Compliant Service Providers will be updated. This list, located at (www.visa.com/cisp), acknowledges those service providers that have shown their commitment to security by meeting the rigorous requirements of Visa CISP.

As you know, Visa CISP requires annual revalidation. If Visa has not received Greensoft Solutions' Report on Compliance by your revalidation due date of **March 31, 2007**, Visa will remove your company from the List of Compliant Service Providers.

If Greensoft Solutions would like to communicate its PCI compliance, Visa encourages you to use direct customer marketing / communications channels to market your compliance to your customers. Channels specifically targeting your customers, such as your company website, sales presentations, brochures, and customer newsletters, seem to be more effective than other, broader-based messages.

Visa may revoke this Acceptance and remove Greensoft Solutions from the List of Compliant Service Providers at any time that Visa, in its sole discretion, determines that your company is not adhering to Visa CISP requirements or that Greensoft Solutions' Report of Compliance was inaccurate. Immediately upon notice of such revocation, your company will cease all communication of PCI compliance, whether or not previously approved by Visa.

We see tremendous value in Greensoft Solutions' participation in this crucial security program, and in your continuing commitment to CISP and to safeguarding the payment industry.

Sincerely,
